

Outsource Group wins highly coveted Platinum Award from Samsung/Mia Telecommunications:

At the 2011 Samsung Annual Dealer Awards, Outsource Group received the highly coveted Platinum award. Platinum status was only awarded to 6 dealers countrywide out of a dealer network consisting of 142 certified Samsung re-sellers. This is a reflection of the exceptional service levels achieved by the

Outsource Group and their remarkable year-on-year growth in sales. Outsource Group also received an Achiever Award.

Malcolm Driessel, CEO of Samsung Telecoms presented the awards to Ryan Pickford, Managing Director of the Outsource Group. Ryan thanked his staff for their commitment and outstanding performance in 2011 which resulted in these prestigious awards.

Outsource Group focuses on PABX and digital telephones, Voice and Data Solutions and is proud to be a Platinum Samsung reseller for PABX. As a leader in partnering to deliver the systems and expertise needed by many companies in this area, Outsource Group has an outstanding record of helping companies identify affordable solutions to their communication needs, while presenting extremely high cost savings that amortize the investment over a very short period of time, often showing immediate payback.

Outsource Digital expands to Zimbabwe:

Outsource Digital are pleased to announce that due to high demand they opened an office in Zimbabwe in October 2011.

This expansion further cements the Outsource Digital footprint that now covers Sub-Saharan Africa.

You can reach the team at Outsource Digital Zimbabwe at their offices on +263-4-333759, via email at info@outsourcedigital.co.zw or visit their website www.outsourcedigital.co.zw

CSR: Outsource Group supports Infinity Culinary Training

Outsource Group continuously invests in the education and development of individuals, enabling them to better themselves and their future. In their latest social responsibility venture through Outsource Digital, they have made an on-going

commitment to the sponsorship of four students in 2012 at the Infinity Culinary Training school in Cape Town. ICT is a remarkable organisation that trains young, disadvantaged South African men and women in need of employment.

Their 12-week, intensive program teaches the basic cooking skills, life skills and professional tools necessary for immediate job placement in the restaurant and hospitality industries.

Through the expanding network of restaurants working with ICT, students are placed in professional internships that offer the opportunity to grow into full-time employment, and have for many of their students. In addition to the skills and training provided, the personal pride and sense of achievement is immeasurable for these young people.

Outsource Group is proud to be associated with ICT and encourage their business partners to consider ICT and the opportunity to invest in the training and job development of young disadvantaged South Africans.
